## BAD WRECK ON THE I. & C.

Interurban Car on Shelbyville  
Line Crashes Into Work Car  
Near Acton.

Four Injured—Henry Oltman, Ex-  
auditor of Shelby Co. May  
Die.

### THE INJURED.

Henry Oltman, ex-county Auditor of Shelby county and salesman for Baker & Thornton, Indianapolis; serious scalp wounds; crushed and bruised about the breast and internally injured; may prove fatal.

Lewis Fritz, of Indianapolis, motorman, chest and legs crushed.

William Emstinger, of Blue Ridge, Ind., scalp wound and leg mashed.

Joseph Henderson, of Shelbyville, shoulder bruised and fingers dislocated.

Master Mechanic Skipton, of the I. & C. car shops, was called at six o'clock last night to Acton on the Shelbyville division of the I. & C., where a disastrous wreck occurred about 5:15 p. m. Upon his arrival Mr. Skipton at once took charge of the work of clearing away the wreckage.

The south-bound car on the Shelbyville line due at Shelbyville at 6 o'clock, crashed into a work car at siding No. 5, north of Acton. One man was probably fatally hurt, three were seriously injured and several severely cut and bruised.

Both cars were demolished. After striking the work car the passenger rebounded, left the track and plowed along the ties for thirty feet.

At the time the accident occurred there were forty Shelbyville people on the car. The car was in charge of Conductor W. P. Stanley, who stood by the side of Motorman Fritz when the crash came, but escaped uninjured.

The accident was caused by the work car in charge of Alfred Lee and John Tivit, his helper, who opened the switch. Lee ran his car back into the siding just as car No. 6 came into sight. Tivit says he thought he closed the switch and signalled Motorman Fritz to come on.

Fritz drove his car ahead at full speed and dashed into the siding. Although he reversed his power and applied the brakes, the momentum of the car slid the wheels along the rails and the collision could not be averted.

Tivit admits that the accident was caused by his neglect although he thought he closed the switch.

The first word of the wreck was received here shortly before six o'clock when orders were given to hold the six o'clock car for Mr. Skipton. The first reports were that the motorman and a score of other people were killed.

There were fifteen women in the car at the time of the accident, but none were seriously hurt. All of the passengers were thrown from their seats and seriously shaken up. Oltman and the other three injured men were buried in the wreckage of the car. Mrs. Helen Major, of Shelbyville, was huddled under a seat by the force of the collision, and was released from her unpleasant position by Sid Conger, also of Shelbyville, who was sitting in a seat near Oltman. Conger, himself narrowly escaped from serious injury.

Oltman, the most seriously injured, has been active in politics in Shelby county for a number of years. He has served as township trustee, county commissioner and county auditor. His term as auditor expired two years ago and he immediately became connected with the Baker-Thornton company. He is about 45 years old and has a wife and two children.

## SKULL CRUSHED

Batesville, Ind., April 27.—Maggie Oser, four years old, daughter of Mr. and Mrs. Nick Oser of Batesville, attempted to clamber on the steps of the Oldenburg hack, and she was thrown under it, crushing her skull. She died in a few minutes.

## THE LAW'S COURSE

Will be Given Full Sway in  
the Now Famous Bigelow  
Case.

Milwaukee, Wis., April 27.—No successor has yet been named to fill the vacancy of president of the First National bank, caused by the removal of defaulter Frank G. Bigelow.

It can be stated positively that Mr. Bigelow will be prosecuted to the full extent of the law. This statement was made by one of the directors, and is in line with an announcement made to this effect Monday. On the proceedings which are now pending Bigelow has waived examination. He was held to the grand jury which will be summoned some time during May. In the meantime he is out on bail.

Everything at the bank is normal today. Deposits are coming in with usual frequency and all the officials express themselves confident that there will be no more trouble. Henry G. Goll, the missing assistant cashier of the bank, has not yet been apprehended.

## ELECTRIC LINE TO HAMILTON

The Ohio and Indiana Traction  
Company Plans Its  
Work.

Fred J. Carr, of Toledo, O., is in the city in the interest of the new Ohio & Indiana traction railroad, says the Hamilton Republican News. Carr, of Toledo, are rapidly completing the details preparatory to financing the line. The road is proposed to be run from Hamilton to Richmond, Ind. Work will be started very soon, and the road is to be completed in one year from the first of June. It will be constructed as an overhead trolley system and it is proposed to take in the following towns: Hamilton, Seven mile, Darrtown, Oxford, College Corner, Cottage Grove, Liberty and Richmond.

Mr. Carr is arranging the details, while Mr. Hall is attending to the New York end of the project. This firm has just completed the financing of the Tennessee Industrial railroad, 165 miles in length, running from the Cumberland river to Sheffield, Ala., and has undertaken the financing of the Ohio and Indiana largely on account of the large earning capacity of the proposed route.

## JUNK DEALERS GET LICENSES

A Number Have Already Met the  
Requirements of the New  
State Law.

A number of junk dealers of the county have already complied with the new law which requires that they secure license from the county clerk. The license blanks have been received by County Clerk Posey and licenses have been issued to the following: Dave Palmer, Simon Rudy, Charles H. Ricketts, John M. Mills, and William Harris.

It is asserted that all of them endorse the measure which provides that no junk dealer purchase or trade, directly or indirectly, for junk from any person who is under the age of twenty-one years, without first having a written consent of the parent or guardian. The junk dealer must also register in a book kept for the purpose, the name and age and place of residence of every minor he purchases junk from. A violation of the law provides a fine of not more than \$500.

Russia in Europe alone has an area of 2,000,000 square miles—twenty-three times the size of Great Britain; the area of Siberia is 5,000,000 square miles.

## SCHWAB WINS IN RUSSIA

American Genius Scores Val-  
uable Point Over European  
Competition.

Schwab Promises Admiralty in  
St. Petersburg to Build World  
Beaters.

St. Petersburg, April 27.—American superiority over foreign rivals has again triumphed in the complete success which has crowned the visit of Charles M. Schwab to St. Petersburg. Mr. Schwab's negotiations with the Russian admiralty have resulted in the practical conclusion of an arrangement for the construction of a number of formidable line-of-battle ships of a type which probably will startle the world. Mr. Schwab will leave St. Petersburg today. The details of the construction of the vessels remain to be worked out, but in addition to those which will be built in the United States it is quite probable that a yard will be constructed at a Baltic port to be manned by Russian workmen but under American engineering and mechanical supervision, the Russian admiralty being extremely anxious to utilize the rehabilitation of the navy for the encouragement of the ship-building industry at home in order to eventually render the country independent of foreign yards.

The admiralty has accepted Mr. Schwab's propositions strictly on their merits, he having convinced the authorities that he can produce for Russia warships vastly superior to anything now afloat or at present projected by any other government. They will be monster 16,000 ton vessels and of a peculiar type, combining the projectile resisting power of the battleship with the speed and wide radius of action of cruisers. They will be delivered fully equipped as to armor and ordnance. Mr. Schwab guarantees to create vessels with twenty per cent higher efficiency than any now existing. While the Bethlehem company will supply the armor and ordnance other American yards will profit in the construction of the hulls. This is in accordance with the wish of the admiralty, the Russian authorities in placing such a large contract having no desire to arouse hostility among rival commercial interests in America, the aim being not only to take advantage of American genius in building up the Russian navy, but distinctly to cultivate closer commercial relations between the two countries.

## YELLOW JOURNALISM

Receives the Merited Rebuke  
From the Spanish Diplo-  
mat.

Washington, April 27.—Senor Merino, the second secretary and temporarily charge d'affaires of the Spanish legation, called on Secretary Taft to enter formal denial of a story recently published to the effect that the king of Spain is showing signs of an unbalanced mind as evidenced by his publicly slapping the face of one of the most distinguished of Spain's naval officers, Admiral Chacon. The secretary was convinced by Senor Merino's statement that it was shown that not only was the king 300 miles away from Madrid at the time of the reported occurrence, but that Admiral Chacon has been dead for four years.

## SWALLOWED TACK WHILE AT WORK

Metal is Removed From Brad-  
burn's Throat by Dr.  
Sexton.

(Connersville News, Wednesday.)

Yesterday, while attending to his duties at the Rex Buggy Co., Ray Bradburn, a young man of seventeen, accidentally swallowed a small tack, which lodged in the esophagus, causing great irritation and discomfort, until it was removed by Dr. Sexton, at the Rushville sanitarium last night.

Young Bradburn is employed as a shaft trimmer, and is required to use tiny tacks in his work. The favorite receptacle for the tacks, until they are needed, is the mouth of the workman. It was while his mouth was full of the tacks that one passed down his throat.

A local physician could not locate the troublesome tack, so the boy, accompanied by his aunt, Mrs. James Davenport, made the trip to Rushville, where the X-Ray was used. The boy spent a restless night from the pain and the effect of the tack used in the operation, but this morning was feeling quite relieved.

The inventor of the cakewalk is dead. There is no cake where he has gone, and the walking is very rocky.

## SENSATION AT BRAZIL

Good Citizens' League Barred  
From Investigation it  
Inaugurated.

At Meeting to Inquire Into Charges  
Good Citizens' League is  
Denied Representation.

Brazil, Ind., April 27.—The investigation by the city council into the charges made against Chief of Police Cook and one of the city aldermen, was held behind closed doors and admission was refused to the three ministers appointed to represent the Good Citizens' League, which made the charges. It was alleged that on April 1 Cook and the alderman and two women were drunk in a room over Patterson's saloon. The two women were present at the investigation and testified. A. W. Knight, who represented the defendants, charged that the women were not to be believed under any circumstances; that they had frequently been guilty of attempting to blackmail prominent citizens.

Officer Hardesty testified that he had seen the chief under the influence of liquor twice, and other officers testified that they knew gambling was going on in the city, and that saloons were operated contrary to law. The chief testified that he was acting under orders of the police committee when he allowed some of these violations. He offered five affidavits showing that he was not at the Patterson saloon at the time mentioned, and one of the affidavits was from the woman who is said to have been his companion. The city council will take no action until its regular meeting next Tuesday.

## DEADLY BATTERY

Logansport, Ind., April 27.—Mrs. Frances Emma Foy, wife of John W. Foy, a well-known Jefferson township farmer, is dead from the effects of injuries suffered in an encounter with a vicious ram a few days ago. The ram, which was a pet and had been permitted to roam about the yard at will, suddenly attacked her and sent the woman headlong. She was rendered unconscious from the blow, and it was several hours before she regained her senses. The ram had struck her with terrific force in the back, directly below the shoulder blade, causing the bursting of blood vessels which produced internal hemorrhages. The woman died in great agony.

## GAMBLING CASES SET FOR TRIAL

Obediah F. Bowman Will be Tried  
on Wednesday May  
17th.

About seventeen cases resulting from indictments returned by the grand jury have been set for trial during the present term of court.

Miller; Tuesday, May 23d, State vs. Wolters, and the State of Indiana vs. Bernstein; on Wednesday, May 24th, State vs. Charles Crim, the State vs. Glen Miller, and the State vs. James Geraghty. Friday, May 26th, State vs. Thomas Sullivan.

## MAN AND MONEY MISSING

Tax Collector of San Francisco  
an Alleged Defaulter to a  
Large Sum.

San Francisco, April 27.—Mayor Schmitz is authority for the statement that Tax Collector Edward J. Smith is a defaulter to the city in the sum of \$35,112. The mayor was notified of the peculations by the brother of the official, John Smith, cashier in the tax collector's office. On last Thursday Smith disappeared from the city, ostensibly going on a vacation to Los Angeles. It has been learned that he took with him \$35,112, the taxes of the Southern Pacific Railroad company. According to Mayor Schmitz a shortage of \$165,000 in the accounts of Smith was discovered in April, 1904. This, the mayor says, was made good by the tax collector's other brother, James B. Smith. James B. Smith is a successful business man.

## EIGHTY SIXTH ANNIVERSARY.

Franklin Lodge I. O. O. F. and  
Rebekah's Join in the  
Celebration.

The celebration held last night by Franklin Lodge I. O. O. F. and the Daughters of Rebekah in honor of the eighty-sixth anniversary of the birth of the I. O. O. F. was largely attended and a thorough good time was enjoyed. It is estimated that over 100 members from both orders were present.

Music was a feature of the evening's entertainment. The degree from Franklin Lodge and the Rebekah Lodge each gave an exhibition floor drill. I. P. Russell recited a poem, "The Good Samaritan," and sang two solos which were much appreciated.

The Rebekahs served a fine basket supper. The gentlemen in the party report that they enjoyed this part of the evening hugely. All who were present state that they enjoyed a thorough good time.

## NO STRIKES IN INDIANA

The State is Practically Free  
From Labor Troubles—Sev-  
enteen Last Year.

According to State Labor Commissioner L. P. McCormack, there are no strikes of any consequence in Indiana at present.

"Last year at this time there were seventeen strikes," said Mr. McCormack. "Arbitration is playing an increasingly larger part in the settlement of labor disputes, and I take it that this is a satisfactory sign."

## UNION MEETING OF ENDEAVORERS

Annual Assembly at Carthage  
Under the Auspices of the  
Friend's Church.

The Indiana Yearly Meeting Christian Endeavor Union convention will be held at the Friends' church at Carthage beginning May 26th, and closing on the 28th. The Yearly Meeting convention met there eight years ago. Arrangements are being made to have the coming meeting a greater success than was the former. A partial list of the speakers includes President Kelly, Earlham College; the Rev. Enos Harvey, Fairmount; Clarence M. Case, Richmond; Timothy Nicholson, Richmond; Charles E. Hiatt, Muncie; Lewis E. Stout, Plainfield; Mrs. Edith Pearson, Winona Lake, and Mrs. Daisy Barr, field secretary of the Union, VanBuren.

## THE STRIKE IS SPREADING

Chicago Teamsters Threaten  
to Cause all Sorts of  
Trouble.

Union Threatens to Inaugurate  
General Strike if Employers  
Enforce Demands.

Chicago, April 27.—Instead of being settled, as was predicted yesterday, the strike of the teamsters at the establishment of Montgomery Ward & Co. has spread to other firms, and the indications today are that before the controversy is finally adjusted a general strike of the union teamsters employed throughout the city will be called.

The demand of the Chicago Employers' association that all teamsters deliver goods to Montgomery Ward & Co., under penalty of instant discharge resulted last night in the spread of the strike to four other business establishments. These are Carson, Pirie, Scott & Co., Marshall Field & Co., J. V. Farwell & Co., and the Forbes Cartage company. In all about 500 men are involved so far. An understanding, it is said, has been reached among all the union teamsters in the various barns throughout the city that whenever a member of their union is discharged for not making deliveries to Ward & Co., all the men in the barn will quit work. The members of the department store drivers' union have also agreed to strike if any of their members are discharged. Other unions, including the express drivers, truck drivers and coal teamsters, it is asserted, contemplate the same action. The packing firms at the stockyards are also among the interests that promise to become involved in the difficulty.

On May 1st the Lake Erie & Western and Big Four will establish fast freight service between Muncie and Cincinnati. The express freight will leave Muncie at 9 o'clock p. m., and each Cincinnati at 5:15 a. m. Coming north, the train will leave Cincinnati at 9 o'clock p. m., reach Muncie at 5:15 a. m., and Ft. Wayne at 10 a. m. This is the first time that fast service has been introduced between these points and good results are expected from its installment.

## BY THE WAYSIDE

A certain young lady who does not reside in the North, but who happened to visit in this city "once," was returning home from a dance late one night with her company, a young gentleman of this city. The gentleman is not by any means a ladies' man, but he happened to hold his own all right in social affairs. On their way home the lady remarked on the "coolness of the northern gentlemen, that they are no nearly so warm as the men from the South." Anyone that was not blind would naturally take this for a hint, and the gentleman did not happen to be blind, and there was a sudden display of anything but "northern chilliness." And then, goodness, she even objected to holding hands with Theo on the way home—o worse o."

### UNREGENERATE HAMMOND

Police Board There Will Find the  
Governor Means Business.

Indianapolis, Ind., April 27.—Governor Hanly, it is reported, is getting ready for strenuous action if there is not more rigid enforcement of the law at Hammond. The city is so near the Illinois line that its affiliations are naturally with Chicago. It has given Indiana governors more trouble during the last few years than any other city. Saloons and gambling houses have been run in open violation of the law, except during infrequent efforts to force them to obey orders. It is said that a majority of the people at Hammond, which is growing into one of the most important manufacturing centers in the state don't know there is such a thing as the Nicholson or Moore laws on the statutes and that no attention whatever is being paid to the anti-gambling law. Governor Hanly, however, when he started to enforce the laws against gambling and the illegal sale of liquors gave the Hammond police board to understand that their city was no exception and that saloons must do business in regular hours and gambling cease. It is said that the laws were rigidly enforced just one Sunday. Hundreds crossed the state line into Illinois and came home drunker than ever. Since then it is said that the police board has been in despair but it is said that Governor Hanly has no thought of giving up.

A general order has been issued from the headquarters of the department of the Grand Army of Indiana stating that the date of the annual parade of veterans has been changed from June 14 to the following day in order that Governor Hanly may participate. The annual encampment will be held at Madison, the week of June 12. The committee on credentials for the encampment consists of Joseph Balsey, adjutant general of the state G. A. R., chairman; Charles W. Scott, Warsaw; John M. Young, Butler; Dr. Warren R. King, Greenfield; the Rev. F. M. Huckleberry, Logansport, the department chaplain; D. G. Stuart, Madison; John D. Alexander, Bedford; Albert A. Jones, Battleground, and R. M. Smock, Lafayette.

Is Indiana growing better morally? The question might be raised by a careful study of figures gathered from county clerks' records by state Statistician Joe Stubbs, who finds there were fewer minor crimes in Indiana during 1904 than in previous years. There were 1,111 convictions for felonies, 158 less than in 1903. In misdemeanors there was a decrease of over thirty per cent, the number being convicted being 2,134. Although the negroes compose but 2.3 per cent of the entire population of the state ten per cent of the crimes were committed by them. Marion county leads in the number of convictions for felonies and misdemeanors.

It is probable that a call will be issued during the next two weeks for the reorganization of the Republican city committee. The Democrats are not likely to reorganize as soon as it has been their custom to let their opponents get away in the lead. Robert Bryson, Pearson Mendenhall and Robert Metzger are mentioned for the chairmanship of the Republican organization. Chairman Logsdon expects to retire. Edward Raub, secretary of the Democratic committee will probably be promoted to chairman as Chairman James L. Keach desires to retire. Either Bryson, Mendenhall or Metzger will be chairman of the

Republican committee unless there are unexpected developments. It is pointed out that inasmuch as the salary of mayor here pays \$4,000 a year and the term is now for four years instead of two years that it is a better office than ever before and consequently it may be expected that better men and a larger field of them may ask for the nomination. This, however, may not prove the case as ex-Mayor Bookwalter is the only active Republican candidate while among the Democrats there is apparently no thought now of opposing the renomination of Mayor Holtzman.

The reform element of Brown county, it was learned today, is greatly concerned over a new scheme for disposing of liquors regardless of the law. Liquor is hauled into the county in wagons and distributed among the people who want it. According to reports these "walking saloons," as they are called, are worse than the old ones that were driven out recently. The federal authorities have been appealed to to stop the illegal sale.

### Defense Scores Strong Point.

New York, April 27.—The climax in the prosecution of Nan Patterson, who is on trial charged with shooting Caesar Young, was reached when Hyman Stern, the pawnbroker, failed to identify J. Morgan Smith as the man to whom he sold the pistol with which Young was killed. Stern also failed to identify Nan Patterson or Mrs. Smith as the woman who accompanied the man who purchased the revolver.

### Vandals Stone Train.

Shelbyville, Ind., April 27.—While the Knickerbocker, on the Big Four railway, was passing through St. Paul, a number of stones crashed through the windows of the coaches, showering broken glass among the passengers. A traveling man, who stopped at Greensburg, was badly cut about the face and head by the broken glass, but his injuries were not serious.

### DOWN ON LOTTERIES

Six Alleged Agents Have Been Arrested in Indiana.

Indianapolis, April 27.—The crusade of the government against lottery agents has extended to Fort Wayne and Charles M. Rouser, a night watchman in one of the knitting mills, and Charles Henry, a storekeeper, have been arrested for selling tickets in a Mexican lottery and causing lottery pamphlets to be sent to them from San Francisco. Several hundred tickets were found on the men, together with a package of lottery literature. With the arrest of the two Fort Wayne men, six alleged lottery agents are in the hands of the government and will probably be called before the grand jury. They are Royal C. Hammer of this city; Frank Spitznagle of Lafayette; Charles Daum and Charles Gilmore of Evansville; Chas. Rouser and Charles Henry of Fort Wayne. The penalty attached to the conviction of the charges placed against the men is either imprisonment for not more than two years or a fine not to exceed \$1,000 for the first offense. For repetitions of the offense the court has full discretion as to fines. Federal authorities express the belief that the campaign of Uncle Sam will break up the lottery business in the United States at least for a time.

### Cashier Was Removed.

Peabody, Mass., April 27.—At a meeting of the board of directors of the Warren National bank Frank C. Merrill, for thirty years cashier of the institution, was removed. A director of the bank said that Mr. Merrill had been removed because he had refused a demand for his resignation made by the directors. The director said that an examination of the books of the bank by National Bank Examiner Ewing had developed an apparent shortage of \$3,300, due to it, it was believed, to lax methods of bookkeeping. Cashier Merrill made good the amount of the seeming shortage.

### TERSE TELEGRAMS

Monsignor Rodolf, bishop of Todt, has been appointed apostolic delegate to Mexico.

The eighth annual conference for education in the South is in session at Columbia, S. C.

Near Burneyville, I. T., Ed F. Koger, a well-known planter, was shot and killed by a negro.

The battleships Oregon and Wisconsin are close rivals for the prize in the annual naval target practice.

Commencing May 1 blast furnace workers in the Pittsburgh district will receive a 10 per cent advance in wages.

The cable to Hainan has been cut, presumably by the Russian squadron to conceal the movements of the vessels there.

The Hawaiian territorial legislature has adjourned sine die. No action was taken on appropriations for territorial expenditures.

The eleventh annual meeting of the National Municipal League and the twelfth national conference for good city government is in session in New York.

The Russian government has reiterated its notice to the zemstvos that the proposed conference will not be allowed either in St. Petersburg or Moscow.

Representative Bartholdt of Missouri will sail next week for Brussels, where he will preside over the meeting of the executive council of the Interparliamentary union.

### PRIMARY ELECTION LAW

Illinois Legislative Conference Agrees on Measure.

Springfield, Ill., April 27.—After a conference in which Governor Deneen, Lieutenant Governor Sherman and leaders of the house and the senate participated, a new primary election bill was agreed on. The house passed a primary bill some months ago, but the bill upon reaching the senate committee was radically changed. A new bill was the result. As now drawn the bill provides for a direct primary in all cities, towns and villages for town and city officers, of over 1,000 population. Chicago is exempted from this provision.

Authority is given the county central committee on roll-call, no proxies to be valid, to say whether the vote for county officers will be direct or by convention. Congressmen will be voted for direct. A majority, however, is not to nominate. A plurality in all the counties of the district shall instruct a delegate and be binding on them. A vote for governor is to be direct, with a plurality instruction provision.

The bill provides that instructions to delegates to the state convention shall be binding not only for one vote, but shall be binding until all delegates are released by a majority roll-call vote of the convention. United States senators are to be voted for direct, the vote to be merely an expression of an opinion.

### Leopold's Probable Successor.

Antwerp, April 27.—King Leopold, the Count of Flanders (brother of the king), and the Belgian finance minister, are debating the advisability of making the Count of Flanders' son, Prince Albert, the legal heir presumptive to the throne of Belgium by obtaining parliamentary sanction for the Count of Flanders' renunciation already agreed upon, of his claims to the succession.

### Action Against Equitable.

Albany, N. Y., April 27.—Attorney General Mayer has given to Senator Brackett his consent to the bringing of an action by the latter against certain officers and directors of the Equitable Life Assurance Society in the name of Mary S. Young of Saratoga, to recover for the society moneys alleged to have been wrongfully converted by the defendants.

### Meeting of Eastern Stars.

Indianapolis, April 27.—The thirty-first annual session of the grand chapter of the Order of the Eastern Star of Indiana has attracted a large attendance of the members of the order and much interest is manifested in the meetings.

### The Miller Case.

Bloomington, Ind., April 27.—The impeachment trial of Robert G. Miller has come to a close and the case is now in the hands of Judge Robinson, who will render his decision tomorrow.

### Ready for a Rest.

Glenwood Springs, Col., April 27.—A rest was taken at Camp Roosevelt yesterday by all members of the party. They were utterly worn out after the hard chase of Monday and Tuesday.

### Attempted Blackmail.

Lebanon, Ind., April 27.—Mrs. Wm. Bowman, a wealthy widow residing alone at Advance, received a note warning her that unless she placed \$600 in the chicken house attached to her premises her home would be dynamited. She consulted with friends and made a pretense of complying with the demand. A posse kept watch, but the writer of the note failed to appear. Suspicion pointed to John Bowman, a distant relative, and he was arrested.

### Jealous Lover's Crime.

Saratoga, Tex., April 27.—Sam Watson has shot and killed Mrs. Stella Hambley, a widow of whom he was jealous, and then fired a bullet into his own brain, death resulting instantly. The woman had dressed to go to a ball when Watson appeared and asked her not to go. She refused his request, whereupon he shot her.

### Alleged Church Burner.

Zanesville, O., April 27.—Nehemiah Speer, aged forty-five, has been arrested at Caldwell by Deputy Fire Marshal Morgan and held on \$1,000 bond charged with the burning of the Bell Methodist Episcopal church near there a week ago. Speer was recently fined for disturbing Sabbath services in the church.

### A Plain Object Lesson.

St. Louis, April 27.—Excise Commissioner Mulvihill has revoked the licenses of four saloon keepers on charges of having violated the Sunday closing ordinance.

### MOB'S DELIBERATE WORK

Louisiana Militia Company Overpowered and Jail Assaulted.

Shreveport, La., April 27.—After working three hours with sledge hammers and pick axes, a mob of twenty-five men broke into the Paris jail at Homer, La., seventy-five miles north-east of Shreveport, and shot Dick Craighead, inflicting wounds which will probably prove fatal. Craighead was charged with the murder of Mrs. Ike McKee, the wife of his half-brother and her little son. The authorities were unaware of the design to mob the prisoner until it was too late to protect him. Every telephone and telegraph wire out of Homer was cut and the rifles of the Claiborne Guards, the local military company, were seized before the move was made on the jail. So quietly did the mob work that scarcely any one in the little town was aware of what was taking place at the jail. Having dug a hole through the brick wall, the lynchers crawled through the opening, but upon reaching the steel cell in which the prisoner was confined found it impossible to break the lock. They began shooting at the cowering prisoner through the bars of his cell, more than twenty shots being fired and nearly every one taking effect. The man's legs, arms and portions of his body were literally riddled. The mob then left the prison and quickly dispersed. When Sheriff Kirkpatrick and citizens of the town reached the jail they found Craighead still alive. It is stated that he has told Sheriff Kirkpatrick the names of three of the lynchers and that another prisoner in the jail told the name of another man whom he recognized. The names have not been divulged.

### CHICAGO WAKING UP

Racetrack Gambling Will Be Sternly Suppressed.

Chicago, April 27.—State's Attorney John J. Healy has announced that he will permit no betting on race-tracks in this county during his term of office. He has issued a signed statement in which he declares that any attempt to operate books with the opening of the Worth track, which is set for next Saturday, or on any other track in this county, will be met with prosecution. Mr. Healy supplemented his written statement with the oral declaration that the opening of the Worth racetrack would not be accompanied by betting in any form. Bookmakers, he said, will be suppressed and detectives will attend the races every day. The evidence gathered will be taken at once to the grand jury and indictments procured against the offenders. The prosecution, he declared, would be directed against, not the bookmakers alone, but also against all people seeking to make bets. The crusade, declared the state's attorney, will not come to an end with the first few days of the meeting, but detectives will be placed at the tracks to remain as long as the racing is continued.

### WAS THIS INTENDED?

New Law Is Said to Prohibit Dehorning Cattle.

Indianapolis, April 27.—Inquiries coming to the state house from investigating farmers have revealed what seems to be a prohibition in the public offenses bill passed by the last legislature, of the dehorning of cattle. The section in question, No. 584 on page 723 of the printed acts, relates to cruelty to animals, and adds, after an enumeration of certain acts that are to be classed as cruel, a clause prohibiting any owner mutilating any animal or depriving it "of any natural means of defense or protection." This clause, according to prominent attorneys of the city, could refer only to the dehorning of cattle, and must have been put in the act for this particular purpose. It is contended by them that the horns are certainly a "natural means of defense or protection." At the office of the attorney general it is admitted that such a construction might be put on the section. It is asserted that this provision will stir up more opposition from the farmers than any other one section of the new laws recently passed.

### The California Situation.

San Francisco, Cal., April 27.—James R. Garfield, chief of the bureau of corporations of the department of commerce and labor, has arrived here to continue his investigations regarding railroad rebates, principally in connection with the oil shipments. Mr. Garfield says that he proposes to examine fully every phase of the question, as it is presented in this state. He will begin his inquiry without delay and complete it as soon as possible.

### Under Salvation Army Flag.

Liverpool, April 27.—English emigrants to the number of 1,045 sailed for Canada last evening on board the Dominion line steamer Vancouver, with the Salvation Army flag at the masthead. The emigrants were gathered by Salvation Army agencies, and the majority are workmen. All are paying their own passage, and many are supplied with sufficient capital to make a start in the new world.

### Will Be Buried Sunday.

New York, April 27.—The funeral of Joseph Jefferson will be held on Sunday at Buzzard's Bay. Interment will be in Bay View cemetery at Sandwich, Mass., where Mr. Jefferson recently purchased a burial plot.

## COUNTY NEWS

### Arlington.

Mrs. John Lawrence is improving slowly.

The Aid Society supper Saturday night was a success.

Frank Tigue, the Indianapolis mail clerk, was calling on friends at Arlington and surrounding neighborhood Monday of this week.

Arlington was entertained Sunday with a good lot of Rushville and Gwynneville friends and relatives, and reported good time. Come again neighbors and friends. We like to see our neighbors call on us.

Herbert Storms has taken a position in a restaurant at Morristown, and Charlie Kennedy has taken a position as salesman in the Star dry goods and general store at Indianapolis.

Samuel Groves has moved his family to Anderson.

Gabriel Beckner has sold his property in Arlington and moved to Anderson, where his son is running a saloon.

Uncle Robert Meredith, of Gwynneville, was in our town Monday.

Louis Bagley, of Posey township, is feeding 90 head of nice hogs for the June market.

William Cameron, of Arlington, has taken a position as ticket and freight agent at Fountaintown on the C. H. D. railroad and will move the first of next week.

Alva Newsom will move in the house of Mr. J. K. Gowdy's farm, where Mr. Dameron vacated.

Arlington is in the swim since the L. & C. traction cars commenced running, for it don't cost a whole day's work now to go to their neighboring towns to see their relatives and friends or on a little business trip for the street cars. Arlington is not half as bad as some people think. Come and see. We are quiet and peaceable for we have fox squirrels, wolves, and foxes in Arlington and all running at large, and even warf rats and no body molests or hurts them. Come and see.

Mr. and Mrs. J. M. Gwynn, of Rushville, spent Sunday with Mr. and Mrs. John Gray.

The commencement will be held at the Ben Davis Creek church some time in May.

### Obituary.

Dearest loved one, we have laid thee in the peaceful grave's embrace, But thy memory will be cherished till we see thy heavenly face.

Miss Grace Hiner, daughter of Mf. and Mrs. Jacob Hiner was born near Glenwood, Ind., December 14, 1887, died at the home of her parents near Rushville, Ind., April 20, 1905, aged 17 years, 4 months and 6 days.

Her sickness was a complication of diseases—heart trouble and typhoid fever.

Miss Hiner attended school at No. 10, the entire term without being absent or tardy a day; she enjoyed her school work and did credit to herself and school. In the late biographical State contest, Miss Hiner won first prize in this county. She enjoyed any thing in the line of literature, spending most of her time reading good books and writing stories; she wrote a piece of poetry entitled "A Tribute to Rushville," which appeared in this paper a few weeks ago. By her death she leaves to mourn their loss a father, mother and a host of other relatives and friends.

How slender is life's silver cord! How soon 'tis broken here.

Each moment brings a parting word, And many a fallen tear.

And though these years to mortals given are filled with grief and pain, There is hope—of heaven—Where loved ones meet again.

A Mourner.

### How to Renew Cane Chairs.

If the seats have become limp and stretched, so that they sink in the center, they may be made as good as new if none of the strips of cane are broken by washing them well in hot water and then placing them in a current of air to dry. This causes the cane to tighten up, and when dry the seat will be quite flat as when first woven.

### How to Utilize Old Stockings.

Old woolen stockings may be used in several ways in the household. Cut off the feet, fold the leg part over several times, sew it to keep in a nice square shape, and one has a useful kettle or iron holder. Cut open two stocking legs, then run the two pieces together, and there is a cloth which will answer all the purposes of the ordinary house flannel. Old white hosiery makes excellent rubbers for polishing furniture and answers the purpose better than the old dusters, etc., which many housewives save for the purpose.

### How to Prevent Knots in Cotton.

To prevent knots in cotton while sewing always thread your needle before cutting the length of cotton from the reel. This will prevent both knots and twisting.

## BAR-BEN NERVE FOOD

Builds up the Body, Brain and Nerves.

It destroys the germs and microbes in the blood, expelling the morbid, unhealthy matter which irritates the nervous system and breaks down the vitality of man and woman.

In Bar-Ben are combined both the purifying and tonic properties that are necessary to restore health and strength to the broken down system. If you are nervous, irritable, restless, your heart is none palpitates at every noise; you cannot concentrate your mind on your work; do not sleep well at night; have no appetite for food and no energy; you need Bar-Ben. It will aid your digestion, increase your appetite, and within a few days you will be able to sleep, rest and vitality which you thought was lost forever.

Bar-Ben is the truly scientific, natural and positive cure for all nervous diseases, lost vitality, night emotions and excesses; the effects of over-work, worry, brain fatigue, the excessive use of tobacco, opium or liquor. No matter what has caused your trouble Bar-Ben will bring you back to health.

Don't wait another day, get some Bar-Ben and begin taking it. The sooner your weakness will vanish.

## DEATHS

Aris Wagoner, well known in this city and in the western part of the county, died at his home, east of Blue Ridge at 2 a. m. Wednesday, April 26th, 1905, of dropsy, aged 68 years, 4 months and 3 days. Mr. Wagoner was a citizen whose interest in his community's welfare won for him many friends who will deeply regret to learn of his demise. His illness has extended over a period of less than two months and his death was unexpected. Funeral services were held at the Gowdy M. E. church at 1:30 p. m. today, the Rev. John Scull officiating. Interment was made in the Moscow cemetery.

Margaret Smart, an aged maiden lady, and a daughter of James and Esther Smart, died at 6 o'clock Wednesday evening, while on a visit to her brother, James Smart, of Manila. Miss Smart resided on North Perkins street, this city. She had been a sufferer from cardiac dropsy and her death it is thought was due to that cause. Deceased was 73 years old and was born in County Armagh, Ireland. Short funeral services will be held at Manila, Thursday at 1:53 o'clock, after which the funeral party will start for this city. The burial will take place at East Hill cemetery about 2:30 p. m.

The enrollment in Indiana University has reached 1068, which is the largest in the history of the college for one term. The attendance for the entire year will be nearly 1600, which is also a record-breaker.
